Subject: Applied Infection Control Products Label Changes

Dear Valued Customer:

On September 1, 2016, STERIS Corporation sold our Health Care Applied Infection Control (“AIC”) business to Deb USA, Inc. (DebMed), a wholly owned subsidiary of S.C. Johnson & Son. As part of this sale, STERIS Life Sciences remains authorized to sell these products to our Life Sciences Customers.

As DebMed integrates this business, they will be removing the STERIS trademark and name from several products and replacing them with the DebMed trademark and name. There are no changes to the product numbers, formulations, manufacturing site, product specifications, packaging materials or expiration dates. These label changes will occur over time starting in November 2017. The products affected are:
